

How to use

DAILY AM / PM

1

Smooth a dollop of HAPPY FLORA Micronome Balancing Face Cream onto clean skin.

2

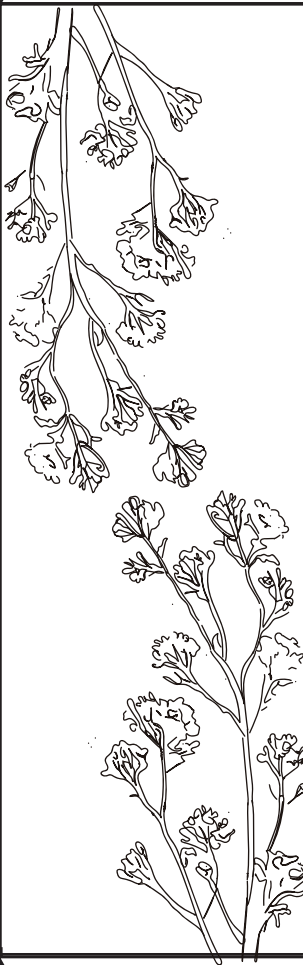

For extra moisturiser pre-apply 1-2 drops of a SOON. water-based serum onto clean skin before applying the cream. Alternatively, add 1-2 drops of a SKOON. concentrate to a dollop of cream, blend in the palm of your hand, and apply

Why is Happy Flora special?

A lightweight, hydrating formula infused with real Swiss yoghurt to *balance your skin's microbiome*.

It *boosts hydration* without leaving an oily feel, while soothing sensitive skin and calming redness.

Crafted with Baobab and Prebiotics, it *strengthens your skin barrier*, leaving your complexion *soft, balanced, and radiant*.

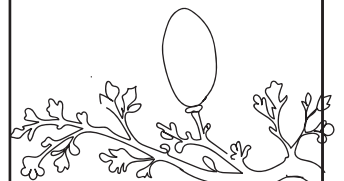

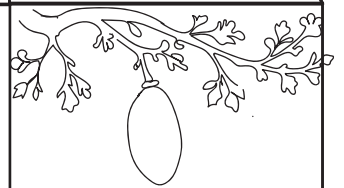

Made with kindness.

Fun Fact

Did you know your skin is home to a community of good and bad bacteria? The key to a glowing complexion is maintaining the right balance. With prebiotics and probiotics, our skincare supports the good bacteria and helps keep the bad in check. Embrace the power of a balanced microbiome for healthy, radiant skin!

With airless technology, your skincare remains fresh and effective, protected from oxygen and contaminants. Experience precise, mess-free dispensing that keeps your product potent and your skin happy.

Unlock balanced, happy skin!
